

Wine List

Wine brings life to the theatrical dining performance, changing roles to create a harmony of flavors when paired with delicacies. In the prologue, it introduces us to the story as a sparkling aperitif, light as sea foam. In the first act, it playfully and refreshingly sets the stage for new twists, and then, in the climax, it boldly and powerfully rounds out the dynamics of this stage of flavors.

For the finale, something sweet, gentle, and delicate. The roles are many. Here, you are at liberty to choose from more than 300 local and international wine labels, carefully curated by our sommeliers.

Regardless of the role, wine is the star of every meal, bringing it to perfection with its final touch.
